QUIET REIGNS IN COAL FIELDS

U. S. Coal Company Relieves
All Guards on Duty

MINERS ATTACH GATLING GUN

INCESSANT RAINS HAVE PREVAILED
SINCE ARRIVAL OF TROOPS

Which Have Greatly Interfered With
the Establishment of Camps--
Dr. Knauss Attends Injured.

(By Dr. Wm. H. Knauss.)
Smithfield, O., June 6.—The entire
Fourth Ohio regiment, including
Newark's Company G, bivouacked on
the train last night. On the hills
about Bradley everything was quiet.
Search lights were used by the military.

The company's deputies were disarmed today, by the military and were escorted elsewhere.

There is no sickness among the soldiers and the Newark boys are today in splendid condition.

Captain George Henry, who was in Northern Ohio when the Newark company left last Monday night, joined the regiment today and is now in command of Company G.

The National Guardsmen and people here are friendly and thus far the troops have had no unpleasant duty to perform.

The mining company's wires bar newspaper dispatches, thus working a hardship upon correspondents who are obliged to go to more distant telegraph offices to file their dispatches.

Smithfield, O., June 6.—The Ohio militia guarding the mines are not fed on canned meat.

"I would not allow a tin of canned meat to be brought into the camp," declared Brigadier General Speaks today. "We are not counting fatalities."

"We brought with us rations of the best breakfast bacon purchasable. It has inspection tags on it, and of course we are reasonably sure that it is all right."

"We expect to receive fresh meats soon. The commissary department is cutting some red tape to rush it to us. We will be glad to receive it."

Speaks' ruling against canned meats is inexorable. A soldier who was tiring of bacon bought a can of potted ham in the village yesterday. He expected to treat his mess to sandwiches. The sentry discovered the stuff and the soldier spent the night in the guard tent.

ATTACHED BATTILING GUN.

Steubenville, O., June 6.—Striking miners of the United States Coal company at Smithfield yesterday which is unique in the history of labor. Having been given judgment in suits for money due them, they attached the gatling gun the coal company had mounted at the Plum Run mine, and also levied on the ammunition the company had stored about the mine. There were other things attached under the execution, but the miners were particular to instruct the constables serving the paper to post the first notice on the gatling gun, and he obeyed instructions.

Dillonville, O., June 6.—It has rained almost incessantly since the troops arrived here yesterday and but little progress has been made in establishing camps. The companies are living in cars. With no prospects ahead for active service the soldiers are a disgruntled lot. Sheriff Vorhees and the state authorities are censured for having ordered them out when, in their opinion, there was no justification for the move.

The United States Coal company has released its entire force of guards. The troops are now protecting the mining property and residences of the company officials at Bradley, Crow Hollow and Plum Run. The discharged guards have entered suits against the company for salaries. Strike breakers were sent into the Bradley mine this morning to put it in shape for working on Friday. Superintendent Stiff says three hundred nonunion miners will arrive at Bradley today and will go out to work.

State Mine Inspector McGough is dividing his time between Plum Run and Bradley, and will see to it that no coal is mined till all state laws relating to the condition of the mines are complied with.

Quietness prevails throughout the (Continued on Page 6, 5th col.)

DEMOCRATS MEET TODAY TO NOMINATE A CONGRESSMAN

Ashbrook, Wertz and Hurst Candidates Before New Philadelphia Convention--Ex-Mayor Crilly Made Chairman of Licking County Delegation.

(By Staff Correspondent.)

New Philadelphia, O., June 6.—The convention was called to order at 1:30 this afternoon. Chairman Fisher finished his speech at 2.

The various committees were then named and the convention took a recess until 4 o'clock. The indications are for Ashbrook's nomination.

New Philadelphia, O., June 6.—What will be the result of this afternoon's Democratic Congressional convention remains to be seen.

The candidates and a number of the delegates arrived last night, but the majority came this morning. The Licking delegates bearing Ashbrook badges, have been busy all morning meeting and greeting delegates from the other counties in the district—Wayne, Holmes, Coshocton, and Tuscarawas—and urged the claims of

ELECTRIC LINE FROM NEWARK TO LANCASTER WILL BE BUILT

Road Will Run Across Buckeye Lake--Much of Right of Way Already Secured--Prominent Men Are Behind Enterprise to Build Road.

Newark now has three interurban lines running to Columbus, Granville, Zanesville and Buckeye Lake and two more are to be built—one running to Mt. Vernon, the other to Lancaster, via Buckeye Lake.

Several months ago a fifteen year lease was granted the Ohio Central Railway company by the Ohio Canal Commission and Board of Public Works. This lease provides for a crossing with a boat and water craft clearance at Buckeye Lake, consisting of a beam span of one hundred feet and a concrete tolling construction for 1,500 feet. Since that time the company has secured options for right of way deeds over the line from Newark to the south side of Buckeye Lake.

Today the chief engineer, Wilbur A. Ginn of Columbus, is engaged in perfecting the entrance into Newark. Several routes will be surveyed connecting with the main line south of the city. A north-south and east-west line will be supplied with the construction of the line and the people with correct business judgment will secure the line while the opportunity is available.

SEN. FORAKER ON THE CHANGES

Made in the Rate Bill at the Recent Conference

CRITICISES THE CONFEREES

AND CONTENTS THAT THE CHANGES
AMOUNT TO NEW MATTER

Mr. Tillman Expressed Opinion That Conference Did Not Transgress Its Authority.

Washington, June 6.—During the consideration by the senate of the conference report on the railroad rate bill Mr. Foraker indicated a purpose to insist upon an explanation of the change made by the conferees in including lateral or branch lines among those upon whose request common carriers shall be required to put in switches or switch connections. Senator Tillman had explained amendments on which he thought it possible points of order could be made because of the presence of new matter, but had not included the amendment in question. When Mr. Tillman expressed the opinion that the conferees had not transgressed their authority in this matter the Ohio senator dissented, saying the suggestion had been made in the senate and had been voted down and that it was clearly new matter. He therefore thought the senate should be told why the change had been made. Senator Tillman replied it was because of "the tyrannical and outrageous conduct of the trunk lines, in such cases as that of the Red Rock company in West Virginia."

Mr. Tillman expressed the opinion that the only conference change against which a point of order will be made is that extending for sixty days the time when the rate bill shall go into operation. That he conceded, was clearly out of order, but he said it had seemed necessary in view of the general confusion that follows an effort to carry the bill into immediate effect. Senator Foraker criticized the conferees on account of the new matter, saying that the conferees were not legislators, but mere intermediaries. He also objected to the change in the anti-pass provision, making special complaint of the elimination of the railroad employees from the privilege of free transportation. Mr. Foraker found fault with the amendment prohibiting discrimination for or against passengers on account of color. He said several negroes had complained of the provision as a recognition of the "Jim Crow" laws of the south, but such had not been the intention, the only purpose being to secure proper treatment for all where the "Jim Crow" system prevailed.

The senate passed the naval appropriation bill, which carries a total of \$103,117,670. The only important amendment made to the naval bill was one requiring the secretary of the navy to submit the plans of the proposed big warship to congress before proceeding with its construction.

NATURALIZATION.

National House Passes the Bill After Some Debate.

Washington, June 6.—In many particulars the day was a red letter day in the house, not only in the number of minor bills passed, but in the general character of the legislation enacted. What did but to cause endless trouble, the naturalization bill, was passed under suspension of the rules. The bill as passed provides for a bureau of naturalization at Washington, which shall furnish all blanks for use and keep a record of all naturalizations. It requires an applicant to file petition for naturalization ninety days before it is acted upon by a court. It prohibits any naturalization thirty days before any general election. It authorizes the United States district attorney to appoint and examine the additional qualifications must be ascertained before receiving citizenship. It also provides a procedure for the cancellation of fraudulent certificates.

The house passed a resolution calling on the secretary of the navy to report to the house his possession of the armor plate and gun.

South Russian promises to be the most abundant in 29 years.

CASSATT HERE, TO TAKE STAND IN COAL GRAFT WAR.

A.J. Cassatt on board the Steamship Amerika

New York, June 6.—A. J. Cassatt, president of the Pennsylvania Railroad upon his return from Europe, talked at considerable length regarding the Interstate Commerce investigation, graft, family stock ownership in coal mines and kindred subjects, over which he says he has heard the country is "considerably wrought up."

Where hitherto he has always refused to talk for publication, yesterday he denied himself to no one and as he spoke of the accusations which have brought him back from Europe with voice broke and his hands shook with emotion. In every way his bearing gave plain evidence of his concern over the revelations of graft, holding up of coal companies, sending cars to favored companies and acceptance of wine, etc., by the officers

LONGWORTHS WILL BE FETED IN ENGLAND

King Edward Will Attend One of the Coming Functions--Invitations Pour In.

London, June 6.—The first week in London of Congressman Nicholas Longworth and Mrs. Longworth, who sailed from New York June 2, on the American line steamer St. Louis, will be a busy one socially. Many invitations have been received at the embassy from many people anxious to entertain the daughter of the president of the United States. These are being left for Mr. and Mrs. Longworth to deal with, but there are others which already have been accepted. On June 11 they will be present at the opera, and on June 12, will be entertained by Ambassador and Mrs. Reid at a dinner at Dorchester house, which function King Edward will attend. This will be followed by a reception June 13, and an evening party given by Mrs. Reid. Thursday evening is left open for any engagement Mr. and Mrs. Longworth may desire to make. Probably the week's end will be spent at West Park, Mr. and Mrs. Reid's country place.

WHY IMMIGRANTS AVOID THE SOUTH

New York, June 6.—The members of the Southern States Immigration commission inspected the immigration station on Ellis Island on invitation of Immigration Commissioner Wakehorn. In the course of an address to the commissioners, Mr. Wakehorn said: "Immigrants who arrive here are for northern points and if you were to try and steer them for the several points, they would think you were trying to trick them. The bulk of the south are brought in by the north and if you get them to go south, you are making more money."

Fatal Explosion.

New York, June 6.—A woman was killed and 11 persons injured, probably by an explosion in the basement of the New York and Boston Hotel, early today. None of the injured were seriously hurt.

DICKERSON DIES SEPT. 21

Court Overrules a Motion for a New Trial Today

VICTIM'S HUSBAND PRESENT

AND SAYS IF A NEW TRIAL HAD BEEN GRANTED BY JUDGE

He Would Have Choked Dickerson to Death as the Latter Did His Wife.

(Special to The Advocate.)

Coshocton, O., June 6.—Ben Dickerson was today at noon sentenced to the electric chair for the murder of Mrs. Simon Hughes, which was one of the most brutal in Ohio's criminal annals.

The court-room was packed at the opening of court Wednesday morning, and hundreds could not gain admission.

The prisoner was brought in and further arguments made for a new trial.

The prisoner maintained a calm demeanor throughout the proceedings.

After overruling the motion for a new trial Judge Eason, in a solemn tone, commanded the prisoner to stand up, and asked him if there was any reason why the sentence of the court should not be passed upon him.

After another protestation of innocence Judge Eason, amid a silence that could be almost felt, pronounced the fatal words which condemned the accused to death in the electric chair, the date being fixed for September 17.

Later Judge Eason discovered that he had made a mistake in counting one hundred days which must elapse between the infection and the execution of the death penalty, and Dickerson was again brought into court and the date of his electrocution was changed to September 21.

Simon Hughes, husband of the murdered woman, stood behind Dickerson's chair, and after the sentence of the court had been passed, declared that if a new trial had been granted he would have choked the prisoner to death just as he had throttled Mrs. Hughes.

JAPS WILL RESIST BEING EXCLUDED

Richmond, Va., June 6.—Those Japanese in the United States navy who have not taken out naturalization papers or signified their intention of doing so, will resist exclusion from the navy on and after July 1, as directed in the order of the secretary of the navy, unless they are paid for the full term of enlistment. Steward Yama, of the battleship Rhode Island, who was in the city today, said the Japanese are strongly of the opinion that there can be no execution of the order.

WENT ON ROCKS IS TOTAL WRECK

Santa Rosa, Cal., June 6.—The schooner Volunteer, Captain Brainerd, bound from Coos Bay to San Francisco, went on the rocks two miles off Redwood Head, and probably will prove a total loss. In an attempt to reach this point a boat was capsized and two of the crew killed. The remainder of the crew and several sailors, who in a struggle on board the schooner, which is in a dangerous condition.

OHIO TOWN WASHED AWAY DAMAGE THROUGHOUT STATE

City Control of Saloons Advocated by State Liquor League ---Mrs. Chadwick's Testimony Kept from Public--- News of Ohio Told in Terse Paragraphs.

Cincinnati, June 6.—Much damage was done by the storm here and in the suburbs and surrounding towns. On Mount Auburn many houses were unroofed and trees blown down. A portion of the roof of Christ hospital was blown off. On Walnut Hills many trees were uprooted. The city parks also suffered considerable damage. Trees and roofs were blown down. A Hartwell, Wyoming, Elmwood Place, Bond Hill and Oakley. Many shade trees were blown down at Bellevue, Ky. In the city buildings and wires were damaged.

Scottown, with a population of 200, and situated near Ironton, O., was washed away. Not a house was left on its foundations. Mrs. Sayre and daughter, Mrs. Perry Mannon, were drowned. Four others were seriously injured. The disaster was due to a flood caused by a heavy rain lasting six hours. The town is situated at the confluence of branches of the Indian and Guyan creeks. The valley above Scottown is long and narrow and the flood swept everything before it. Four iron bridges were washed away and many horses were drowned. The damage to crops cannot be estimated.

City Control of Saloons.
Columbus, O., June 6.—President Joseph Bott opened the third annual convention of the Ohio Liquor league at Schenck's hall by proposing that at the session of the legislature in 1908 a bill be pushed to place the control of saloons entirely in the hands of municipalities. The provisions of the measure are: The repeal of all present temperance measures, including the Alkin and Jones laws; the levying of a direct state tax of \$105 per annum on each saloon and local tax by city or village of not more than \$400 or less than \$100; the appointment of a liquor tax commission of four citizens by mayors and presidents of boards of township trustees, such commission to have authority by majority vote to issue or refuse certificates for doing business.

Cassie Chadwick's Testimony.
Pittsburgh, June 6.—Cassie L. Chadwick's testimony in the suit of Mrs. W. C. Jutte against J. W. Friend and F. N. Hoffstad, which is said to contain some sensational information relative to the financial operations through which Mrs. Chadwick is serving a sentence in the Ohio State prison at Columbus, was presented to the court but not made public and from present indications it is possible that its contents will never be disclosed. After examining the papers Judge Shafer announced that the arguments on the admissibility of the evidence would be heard in chambers, as the defense objected to the court entertaining the evidence. The hearing of the arguments in chambers is to keep the matter from becoming public, as the arguments are never made a matter of record.

Struck by Lightning.
Lima, O., June 6.—As he stepped across the threshold of his home on the William Hay farm, near Harriid, this county, George Hedge, a farm hand, was struck by a bolt of lightning and fell dead in his tracks. Hedge came here from Wisconsin and leaves a widow and four children. Severe electrical storms occurred throughout the county, and much damage is reported.

Case of Glanders.
Portsmouth, O., June 6.—Dr. Paul White, of the state board of agricul-

ture, arrived in the city to investigate a case of glanders developed by a horse owned by the Williams Lumber company. This is the first case in the state for several years and serious apprehension is felt that it will become epidemic.

Contest in Fourteenth.
Mansfield, O., June 6.—The Fourteenth District Republican congressional convention met here and after taking 37 ballots, recessed. J. F. Lansing, Frank V. Owen, George H. Chamberlain and Congressman A. R. Webber are the candidates.

Moves on Ice Trust.
Cincinnati, O., June 6.—County Prosecutor Rutison will this week open his investigation into the so-called ice trust. Complaint has been made to the prosecutor that the rise in price of ice, almost 100 per cent, has been general.

Peter Schwab Ill.
Hamilton, O., June 6.—Peter Schwab, the millionaire brewer and Democratic politician, was removed to Mercy hospital from his home. He is threatened with typhoid fever.

Doings of Dunkards.
Dayton, O., June 6.—The annual convention of the Old German Baptists, commonly known as Dunkards, closed its sessions. The observance of the rites of foot washing was a feature, and several hundred not members of the order witnessed the exercise. The feet of those undergoing the washing was dried with the hair of each other. At the business session it was practically unanimous that telephones and automobiles should be let severely alone. A query regarding the use of traction cars, however, met with no sympathy, and this mode of travel may be used. It was reported that the old German congregation now numbers over 5,000 in Ohio, Indiana and Pennsylvania. The next convention will be held in California.

Bank Quits.
Roseville, O., June 6.—The Farmers and Merchants' Saving bank closed its doors and will go into liquidation. It is expected that the depositors will be paid in full.

Ohio Elks' Big Meet.
Sandusky, June 6.—The ninth annual convention of the Ohio Association of Elks convened at Cedar Point yesterday. A banquet and ball were given last evening. The convention is the largest attended in the history of the association. William H. Reinhardt, of this city, was re-elected president. All of the old officers will be re-elected today.

Narrow Escape of Passengers.
Coshocton, June 6.—A passenger on west bound train No. 28 had a thrilling experience as the train was pulling out of the station Tuesday morning. As the train stopped at the station two young men made a bee line for a nearby drinking place. Both carried a little too long at the bar and the train was already making pretty good speed when they started to swing themselves back onto the steps.

Both caught hold of the same rod and one made the leap all right, but the other lost his hold and fell to the ground. In the fall the young man

MAHARANIE OF BARODA DINES WITH MRS. LA W.

MRS. GEORGE LAW
PHOTO BY HIGGINS

Philadelphia, June 6.—For the first time during her visit in America the Maharanie of Baroda, beautiful wife of the Gaekwar of Baroda, appeared in her party dress. She was the special guest at a dinner given by Mrs. George Law of New York.

In her own country the wife of the Maharajah is referred to as "The Princess Beautiful," and "The Flower of India." She proved her right to that title when she sat with several of the most lovely of American women.

Besides Mrs. Law, who is herself a famous beauty, there were at the lit-

trick his head either on the step or a tie and cut a big gash in it. His clothes were also badly torn and he was considerably bruised.

Detective Doney, who was near by, ran to the man's assistance and as he arose stunned, pulled him out of harm's way. The conductor at once stopped the train and the injured man, assuring the trainmen that the cut in his head would come around all right, was helped back on the car and the train went on.

Buys Traction Line.

This week the contract will be signed by which the Northern Ohio Traction and Light company will take over the Canton-Akron, the Canton City lines, the Canton and New Philadelphia and the Tuscarawas Traction company. The Northern Ohio will operate all lines separately for a time, but in a few months will merge them all into one big company. Big improvements will be the order as soon as the lines are turned over. The properties are run down so much that the Tucker-Anthony people were very anxious to let them go.

The purchases releases the Northern Ohio people from the agreement not to build a line to Massillon by way of Turkeyfoot Lake, which is all graded, and Vice President Will Christy said yesterday that this line is a probability of the near future.

The Canton-Akron is the road of which Mr. J. R. Harrigan, formerly of Newark, is general manager.

JOS. BUTLER'S FATHER.

Trumble Butler, aged 84 years, a Muskingum county pioneer, died on Monday night at 10:30 at his home on the West pike. The deceased had been ailing for more than a year, but his trouble was not thought to be serious. Death, however, was unexpected and resulted from dropsy.

The deceased is survived by seven children, his wife having preceded him to the grave some years. The children are Joseph Butler of Newark, John and Howard Butler of Zanesville, Lyman of Hopewell township, Mrs. Eliza Boofield of Hopefield, Mrs. Amanda James of Springfield township, and Mrs. Cella Dowell of Falls township.

MRS. WILLIAM NASH.

The funeral of Mrs. William Nash who died at her home, 113 Linden avenue, on Tuesday morning, will take place from the house on Thursday afternoon at 2 o'clock, services being conducted by the Rev. L. C. Sparks and the interment will be made in Cedar Hill cemetery.

HOW W. J. WHITE MADE MILLIONS

Story of How Poor Boy Rose to Affluence in the Manufacture of Chewing Gum.

Cleveland, June 5.—This is the story of how W. J. White, the millionaire chewing gum man, and his wife struggled hand in hand against adversity in their youth, piled up a fortune shoulder to shoulder, raised a family of seven children, and after they had everything else that heart could wish for decided that they had lost the best of all—love for each other.

After 23 years of married life Mrs. White sues for divorce, charging neglect of duty and wilful absence. White just says, "Is it possible?"

There will be no "scandal." Terms of alimony have been agreed upon. Mrs. White already has over a million dollars in her own name.

Any Clevelander can tell you the story of W. J. White. It is one of the town legends. Old citizens remember White when he was still peddling his gum about the downtown streets while his wife was making more of it over the kitchen stove at home. In the time that has elapsed White has turned over his original capital of \$5 until it amounts to twice that many million dollars.

It is also related how White approached men of means who liked his gum and diffidently asked them why they didn't invest about \$50 in it with him. But they laughed. Although they liked the gum, they acted as if nobody else did.

The gum sales finally got so large that the stores were willing to sell it and White was kept busy delivering it to groceries and drug stores. The first thing you know White had to have help. He became an employer. But the gum was paying the wages.

But what's the use of drawing out the story. You know the gum—it's been advertised enough. White capped his fortune by cornering the chic supply in Mexico and Central America made several fortunes sold out for \$5,000,000 and a big bunch of stock to the chewing gum trust, and is president of the combine at a salary of \$25,000 a year.

He lives in New York now, having exhausted all little old Cleveland's diversions. The latter included the mayoralty of a suburb, a term in Congress, an ornate home, a fine stock farm and the distinction of owning Star Pointer, the great harness horse and the Say When, the yacht "which chewing gum built."

The Whites have sought social happiness, but real, old fashioned home happiness seems to have slipped from them in recent years, a mockery of the wealth that has replaced their early poverty.

Both the Whites were of humble origin. He was born in Canada, was brought to Cleveland at an early age and became a sailor of the lakes (Pleasant life that of sailor of the lakes. Try it on once. Belay there you!) Then he worked on a farm, then in a shipyard. He tried to enter the army at St. Louis, whither he had wandered. The life of a private looked good to him then. They would not take him—too tall and thin—or something.

As next best thing he tramped to Fort Leavenworth and became a cook for the teamsters. He came back to Cleveland with destiny scrawled upon a greasy sheet of note paper in his inside pocket.

In Cleveland he married Ellen Marie Mansfield, a poor girl, who was living with a family named Luffin. Then it was up to him more than ever to earn a living. It was hard sledding and rent of even small houses was hard to pay.

There was frequent moving. Children came. White had to hustle hard to keep them from being hungry.

One day the Whites had a \$5 bill to the good. Then W. J. thought of the old peddler's chewing gum recipe. He invested the \$5 in chiclet and sugar and made the start for millions.

Decries Crop Reports.

Chicago, June 6.—At the meeting of the National Grain Dealers' Association H. C. Grimes, of Portsmouth, O., decry the present method of preparing the government crop reports, saying that it was largely guess work. He was in favor of having the letter carriers on rural routes bring in the reports, saying that this method would prove much more accurate than the present method. A banquet brought the national convention to a close. The speakers were J. H. Blackstock, of Toronto, Canada; J. H. Eckels and W. J. Calhoun, of Chicago.

Two Killed in Collision.

Cadillac, Mich., June 6.—Charles Wood and William Baker were killed in a head-on collision between a wrecking train and a work train on the Grand Rapids and Indiana Railroad, four miles south of here. The two dead workmen were thrown under the tender of the work train and crushed.

Cloud Burst.

Tulsa, I. T., June 6.—A cloudburst occurred at Claremore. Water fell in torrents, flooding the entire town and standing four feet deep in the business portion. No fatalities are reported. Railroad tracks were washed out and five Frisco passenger trains are water-bound. The property damage is heavy.

OPENING OF THE RUSSIAN PARLIAMENT FOR BUSINESS AFTER HEARING TSAR'S SPEECH.

First Meeting of the Duma.

After the religious services conducted by the Metropolitan of St. Petersburg, the Duma was opened by M. Frisch, Secretary of State, with a speech in which he pointed out that the delegates were in the fortunate position of being able to work with full liberty and freedom of speech. Wishing all success to the work of the delegates, M. Frisch declared the Duma open and called upon the 450 members to subscribe to the oath, which had previously been read.

Worth it's Weight In Gold!

TO REMOVE FRECKLES AND PIMPLES IN TEN DAYS, USE

The Complexion Beautifier

Nadinola

Is guaranteed, and money refunded if it fails to remove the very worst cases and beautify the complexion in twenty days.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:

"I feel it my duty to tell you the benefit Nadinola has been to me. I had suffered untold mortification with freckles, once child hood. Having used all the highly recommended creams and lotions, with much hesitance I bought your entire treatment. After giving it a fair trial I most heartily recommend it, for it's worth its weight in gold to any woman having freckles. You Nadinola is the only thing I have ever used with success. Your Nadinola Face Powder is grand. Wishing you the deserved success, I am sincerely."

Price 50 cents and \$1.00, by leading druggists or mail. Prepared by the

National Toilet Co., Paris, Tenn.

Sold in Newark by R. W. Smith, W. A. Erman & Son, and other Newark druggists.

Murphy's Meat Market.

Mr. James Murphy, the well known West Main street grocer, having given up the saloon business, has opened a first class meat market in connection with his grocery, where he will be prepared at all times to supply his customers with the best the market affords.

Mr. Rennett's Funeral.

The remains of Henry Rennett, who died at the St. Francis Hospital, Columbus, on Tuesday morning, were brought here on Thursday night. The funeral will probably be held at the St. Francis de Sales church on Friday morning at 9 o'clock and the interment will be made in Mt. Calvary cemetery.

Palace Rink.

Great preparations are being made for the grand opening of the Palace Rink on Thursday, June 7. The entire building has been newly renovated and placed in first class condition and the big military band organ, one of the finest in the country, will furnish delightful music on the occasion of the opening.

Pastor's Reception.

Rev. T. A. and Mrs. Cosgrove will be at home at the manse, 59 North Second street, to all their friends, both in the Second Presbyterian church and visitors, in honor of two Canadian bison, Mrs. Steele and Miss Carvelth, on Thursday, June 7, from 3 to 5 in the afternoon and from 7 to 9 in the evening. 5-2t

Injured Man Improving.

The condition of O. McKee, the man who was so badly injured Tuesday by being struck by a train in West Newark, is reported to be much improved and he is resting comfortably. Beside sustaining several severe cuts on the head, in which, after arriving in the ambulance, it was necessary to take several stitches, Mr. McKee sustained a badly sprained left ankle.

Seventh Ohio Reunion.

The Scioto Gazette of Chillicothe, states that the board of trade at that place had received a letter from Col. H. D. Burch of Hebron, announcing that the date of the first reunion of the Seventh Ohio Volunteer Infantry (Spanish war) had been set for August 30 and 31. Mr. Walter J. Sears, who had been designated as the chairman of the local committee, stated that there would not be less than 600 former members of the regiment present.

A New Wagon.

Mr. Colson Linville, the popular driver of the hack line between Rushville and Lancaster, appeared on the streets Saturday with a splendid new turnout. He has just received one of Bell & Ward's celebrated spring wagons from Newark and a fine team of sleek black horses with new harness. The entire outfit comprises the best turnout ever run on the route and bears evidence of prosperity which on the part of Mr. Linville is fully deserved. The outfit is worth in the neighborhood of \$600 or \$700 and attracted no little attention Saturday. —Lancaster Eagle.

Mr. Hamilton Goes to Peru.

Mr. O. Ross Hamilton, son of the late Captain S. G. Hamilton, leaves New York City June 8 for Cerro de Pasco, Peru, where he will enter the service of an American mining company. Mr. Hamilton has been at the Michigan School of Mines at Houghton, Mich., the past three years, and is well equipped for the work. He has been assured that he and two other young Americans will be given work at mountain railroad construction and possibly mine surveying, and ex-

pects to remain in Peru at least two years.

This is a Hot One.

At 3:15 Wednesday afternoon the Advocate's thermometer registered almost ninety degrees.

Mr. W. W. Bond special agent of the Bureau of Labor Statistics, of Columbus, and who for the past 21 years has been the efficient penitentiary reporter for The Columbus Dispatch, is in the city engaged in collecting statistics in the various trades.

Hail and Win Storm.

A terrific rain, hail and wind storm visited the section of the county a few miles east of Newark Tuesday afternoon. Trees and fences were blown down and hail larger than grains of corn fell in such abundance that the hailstones could be gathered from the ground by the handful.

Burglary of Residence.

Charles Deeds, a prominent farmer of Union township, reports that his residence was entered by burglars on Sunday night, but that all they secured was a pound of coffee. Mr. Deeds says, however, that the robbers entered the house of one of his neighbors and secured two gold watches, besides a number of other articles.

Horse Was Saved.

William Myers, residing northeast of the city, came near losing a valuable horse on Wednesday morning. The animal in some manner found its way out of the field in which it was grazing and began traveling up the road until it came to the railroad crossing near the city when it crossed the cattle tracks and began walking up the track.

A neighbor of Mr. Myers passing the crossing shortly after observed the animal going up the track. He recognized the animal as that of Mr. Myers and hitching his own horse went up the track and finally succeeded in driving the horse out. Shortly a freight train, approaching from the opposite direction, rushed by.

CARD OF THANKS.

Mr. Charles Sprague Homer and wife wish to thank publicly the friends, who by their many kindnesses, helped to make bearable the loss of their infant son, Lewis Franklin.

Still in Business.

WANT W. J. BRYAN FOR PRESIDENT

Missouri Democrats to Declare Themselves at the Annual State Convention.

Jefferson City, Mo., June 6.—The platform adopted by the Missouri Democratic state convention declares that William J. Bryan was defeated by corrupt campaign contributions by trusts and that he is the greatest American Democrat and that Missouri demands his election to the presidency in 1908; declares against issuing free transportation to political conventions by railroads and asks reduction of passenger rates. It denounces the tariff and censures President Roosevelt for favoring present system, after declaring for tariff revision. It also censures President Roosevelt for his stand on the railroad bill, and the Republican party for not giving statehood to Oklahoma and Indian Territory.

Hepburn Renominated.

Keystone, Iowa, June 6.—Congressman Hepburn was nominated by acclamation at the Eighth District Republican convention. Resolutions were adopted endorsing President Roosevelt, Iowa's two members of his cabinet and the Iowa delegation in congress. Colonel Hepburn was enthusiastically commended, especially "for great assistance rendered the president in the railroad rate fight."

Results in Oregon.

Portland, Ore., June 6.—George E. Chamberlain, Democrat, has been re-elected governor of Oregon by a majority of not less than 1,000 and perhaps as much as 2,500 over James Withycombe, Republican. Jonathan Bourne, Jr., Republican, has received the popular nomination for United States senator by probably a little over 5,000 majority. W. R. Ellis, Republican, has been chosen congressman in the second district by a large majority over J. H. Graham, Democrat, and W. C. Hawley, Republican, has a safe lead over C. V. Galloway in the first district. Woman suffrage was defeated by a tremendous majority. In Multnomah it was defeated by about 3,500 majority.

Will Indorse Bryan.

Indianapolis, June 6.—Practically the entire membership of the Democratic state organization which is assembling here for the state convention, declared last night in favor of the indorsement of Bryan for president at the convention Thursday. The program now is for a red hot Bryan plank in the platform and it does not look as if anything can head it off, even if an attempt is made.

JUSTICE BROWN RETIRES WITHOUT REGRET.

Henry Billings Brown Associate Justice

Washington, June 5.—"But have you not retired from this exalted position with regret?"

"Without one pang of regret," replied Mr. Associate Justice Brown of the Supreme court of the United States. "You see, this idea of retirement was no new thing to me."

"How long have you had it in contemplation?"

"Let me see; I should say exactly 31 years. You see, I have been on the District Bench of the United States and the Supreme Bench combined just that length of time. When I was first appointed by President Grant I decided that if I were spared that long to my family I would resign when I reached the age of 70. So here I am at three score and ten, and I have retired."

Justice Brown, (now Justice Brown retired) was sitting in the parlor of his spacious and pleasant home, No. 1,720 Sixteenth street, where he received an Advocate representative. As he entered the room he presented a square built, almost slanting figure. There was the suggestion of the student's stoop about the shoulders, but he was such a form as to make one say involuntarily, "Well, here is a man who laughs at the time allotted to mortals by the Psalmist."

At 70 the retiring justice is sprightly in his talk and spry in his step. When he arose once during the conversation and strode swiftly up and down the room he had the step of a man who could cover his four miles an hour without being winded. He is now to retire to a ripe old age of leisure and comfort. The salary of an Associate Justice of the Supreme Court of the United States is \$12,500 a year. The salary of an Associate Justice after he retires is the same. They may retire after they have reached the age of 70. The salary of the Chief Justice is \$13,000. Chief Justice Fuller is now 73.

MOTHER HEARD TRIGGER CLICK.

But Was Too Late to Save Her Son's Life—Suicide of a Young Pittsburgh Millionaire.

Pittsburgh, June 6.—Thomas O'Connor Jones, one of Pittsburgh's wealthiest and best known young men, blew his brains out with a revolver at the Schenley yesterday, death being immediate. Jones was assistant general manager of the Jones & Laughlin Steel company, the only real corporation opposing the United States Steel Trust, and occupied an elaborate suite of rooms at the Schenley.

Relatives say he had been unwell, and his mother, Mrs. Cecelia Jones Murdock, was attending her son, who had just celebrated his 38th birthday anniversary.

At a few minutes before 4 o'clock in the morning Jones requested his mother to step into an adjoining room. Just as Mrs. Jones closed the door she heard the click of a revolver. Before she could reach her son's side he had sent a bullet into his brain. The suicide evoked great excitement among many of Pittsburgh's exclusive families occupying apartments at the hotel.

Efforts to suppress news of the suicide were objected to by the coroner, and the affair placed on the records. The dead man was a nephew of the late B. F. Jones, former partner of Andrew Carnegie. He was a social lion, leading many of the cotillions and moving in most exclusive circles. While it is said by the family that illness caused Jones to commit suicide it is whispered that a pretty woman decided to accept a handsomer man for a life partner. This, it is alleged caused young Jones to worry and finally take his life. He leaves perhaps \$1,000,000, much of it being left to him when his uncle, B. F. Jones, passed away.

Mr. Jones was a graduate of Tenby Hall, Washington, Pa., and from there he went to the Military academy at Ossiung, N. Y. After graduating there he went to Yale university.

Drought Hurts Wheat.

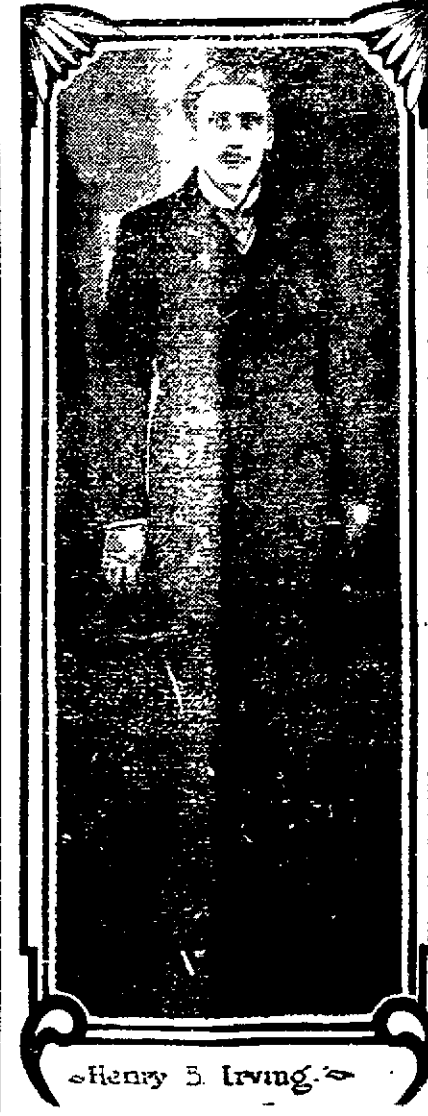

Columbus, June 6.—Drought hurt the growing wheat crop considerably, according to the June crop report of the state board of agriculture. May 1, the estimated condition of wheat was 103 per cent, while the report this month shows its present condition to be but 85 per cent of an average. However, the present prospect is encouraging, and with steady progress until harvest, the crop, it is asserted, will be above the average per acre.

HENRY IRVING'S SON COMING TO AMERICA

Although He Has Been Acting for 15 Years He Has Never Been in the United States.

New York, June 5.—Mr. Henry Brodribb Irving is the eldest son of the late Sir Henry Irving, and in appearance is not unlike that actor. He is 26 years of age, tall, graceful, mag-

Henry B. Irving

netic and has a voice that he uses with less willingness than did his father.

Although he has been acting for 17 years he has never been in this country, which comes very near being a record for an English actor. A season he makes his appearance here in a series of plays, many of which were his father's repertoire, and in the leading roles of which the son has the most favorable criticism.

The exports of pig, bloom, and various other kind of iron from Sweden during the last year, were the largest on record.

AGED MAN WALKING TO DENVER, COL.

From His Home in Trenton, N. J., Passed Through Newark Tuesday Afternoon.

An old gentleman, with a head of curly, curly hair, attracted considerable attention walking through some of the streets of the city Tuesday, and to an Advocate reporter the aged man gave his name as Abraham Cook. He stated that he was on his way to Denver, Colo., from his home in Trenton, N. J., and although sixty-two years of age the old gentleman is active and brilliant in his conversation. From his dialect the fact that he was from the East was quite evident. He stated to the Advocate man that he had walked the entire distance, so far, and expected to walk the rest of the way along the wagon roads as he came this far. When asked his object in walking over the country Mr. Cook replied that it was simply a desire which he had and would in this way get to see the country.

Although depending somewhat upon the hospitality of the people along his route, which by the way, he has systematically mapped out, Mr. Cook is far from want, and has arranged to draw money at various places throughout the country.

The active traveler stated that he left Trenton on the morning of March 27, and expected to arrive in Denver in proportionately the same amount of time.

He left shortly after noon bound for the West, walking spryly out West Main street.

Elmwood St. Church.

The meeting at Elm street last night was a success because God has so wonderfully blessed its mission workers "by sending them a man and a woman" that will stand up for his cause and the upbuilding of his kingdom in the hearts of the people of Newark. Mr. Burget has preached the Gospel for 40 years, is highly educated and so taken up with his abilities as a missionary was J. D. Rockefeller that he sent this man of God to far-off countries to carry the Gospel to heathen lands, amid all kinds of crisis and dangers they carried the blood-stained banner of Jesus, cooling parched lips and whispering in the ears of the dying, "he that believeth in the Lord Jesus Christ will all their heart shall be saved."

Come out and hear them tell of the hardships of "how, when no other hands but their own were there to lay the yellow fever dead in their coffins," and many things that will interest home missionaries. They also wish to thank the members of the First M. E. church and the East Main street church for their help and presence last night.

Meetings will be held tonight and continue for some time. Come and cheer those people. Will come one come and play the organ through this series of meetings?

RHEUMATISM

TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year around. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism: it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Book on Rheumatism and any medical advice without charge.

CLASS OF 1903 TO HAVE REUNION

PROF. A. L. JUDSON HONORED BY OHIO STATE MUSIC ASSOCIATION.

Sigs and Phi Gams to Have Reception at College Town Notes.

Granville, O., June 6.—Elaborate arrangements are being made by the class of 1903 for its first annual reunion to be held during the coming commencement. On Wednesday morning, June 13, a class breakfast will be held at 7:30 o'clock. With this will be a continued business meeting and a social hour of reminiscences. Between twenty-five and thirty members of this class have already signified their intention of being present. The class reunion and breakfast will be held at the site of the biological pool. This pool, which is now being prepared, will be presented by the class to the university.

On Tuesday evening in Recital hall occurred the last pupils' song recital of this year. About twelve pupils of the conservatory of music appeared upon the program and all rendered their songs admirably.

C. K. Chapman '05, is in town to spend commencement week.

Prof. A. L. Judson, dean of the Conservatory of Music, has been asked to take charge of a theory section at the Ohio State Music Teachers' Association, which meets in June. Mr. Judson has accepted. This is the first time any member of the Conservatory has been asked to serve in that capacity.

Miss Stella Case, daughter of Mr. and Mrs. Burton Case, is spending a month with her classmate, Miss Honora Gibson, at the summer home of the Gibsons on the Hudson.

Receptions have been issued for a reception at the Sigma Chi house on Tuesday evening, June 12.

The class of 1902 will give a reunion luncheon in Shepardson Park on Wednesday afternoon, June 13, at 4:30 o'clock.

Charles Shinn, ex-'06, secretary of the Cuyahoga County Sunday School Association and his wife were in town last Saturday and Sunday. Mr. Shinn was on his way to the State Sunday School convention at Marietta.

The Phi Gamma Delta fraternity will give a reception on Saturday afternoon, June 9.

THE NURSING MOTHER

She Needs Food Especially Adapted to Herself and Baby—A Pure Food Easily Digested.

The Results of What She Eats Are Show in Her Offspring.

We often meet youngsters whose plump or blotchy skins tell a story of improper nourishment of greasy foods, vegetables not properly cooked, and poor bread.

These conditions exist because enough care is not taken in the selection of diet by the nursing mother.

Only those foods that can meet all the requirements of both mother and child should be eaten, and the simpler they are the better.

Hardyfood is the ideal food for both mother and child at all times.

It is a brain, nerve, bone and muscle builder, easily digested, and its wastes are rapidly eliminated from the system.

It is the best food for children at any age, especially the growing and school age.

It is pleasing to the taste, and eaten with milk or fruits will sustain the person indefinitely without other nourishment.

It is all ready to eat from the package, but can be cooked again or prepared in many ways.

Hardyfood is an economical food, as a 10-cent package contains enough for 10 to 15 meals, a cost of less than a cent a meal.

If you have never eaten Hardyfood you have a food lesson to learn. Put it on your table at once.

All grocers—10 cents

OFFICIAL REPORT OF OHIO CROPS

CONDITION OF CROPS AND LIVE STOCK IN BUCKEYE STATE ON JUNE 1.

Continued Drouth During May Caused Decline in Wheat Prospects for That Month.

The following report represents the average condition of the crops and live stock named, as estimated from the returns received from the regular township crop correspondents of the department:

Wheat—Condition compared with an average, 95 per cent.

Winter Barley—Condition compared with an average, 89 per cent.

Spring Barley—Condition compared with an average, 78 per cent.

Rye—Condition compared with an average, 90 per cent.

Oats—Condition compared with an average, 75 per cent.

Clover—Condition compared with an average, 75 per cent.

Timothy—Condition compared with an average, 74 per cent.

Timothy—Damaged by grub worm, 3 per cent.

Hogs—To be fed for summer markets, 48 per cent.

Hogs—Condition compared with an average, 95 per cent.

Spring pigs—Number saved compared with an average, 84 per cent.

Sheep—Condition compared with an average, 96 per cent.

Lambs—Number compared with an average, 92 per cent.

Commercial Fertilizers—On what per cent of crops used, 41 per cent.

The continued drouth during the greater part of the month of May has caused a decline in wheat prospects compared with the report issued by this department May 1. On that date the estimated condition of the plant was 103 per cent, while the report this month shows its present condition to be 95 per cent of an average. The decline in prospect is not confined to any one section of the state, but is very general, every county showing a lower percentage than was reported last month. Smut is reported by many correspondents and there is also some complaint of its heading out short. There are but few reports of damage by Hessian fly. The present prospect is most encouraging, and with steady progression until harvest the crop should be well above an average per acre, and a fair total product for the state.

Oats generally were sown late and the long dry spell following the seeding has not been favorable to its growth, hence the report this month does not show a very high average condition, being reported at 75 per cent of an average.

Corn growth over the state is very uneven and irregular. Many fields are yet to be planted, but with favorable weather it is hoped a full average acreage will be put in. The dry weather has been unfavorable for proper germination, and some fields have been replanted. In some sections of the state ear worms are causing damage.

The drouth has seriously affected pastures and meadows, but recent rains have been very beneficial.

Hogs being fed for summer markets show a very low percentage, being reported at 48 per cent. Their condition, however, is excellent.

Frosts have seriously affected fruit prospects, and the yield of small fruits will be further reduced by the continued dry weather.

CHANCE TO WRITE FOR THE PAPER.

Who has not at times had ideas which he or she would like to see in some newspaper? Many a good thought has slumbered in the brain of the thinker because of the difficulties and rebuffs which are always supposed to lie in the path to the editorial sanctum. The Chicago Record-Herald however, welcomes such ideas and has a page in its Sunday issue called "The Battle Ground of Modern Thought," which is devoted exclusively to letters from its readers. The best of letters received each week are carefully edited and printed over the writers' names. The amount of really valuable matter that finds its way into this department is remarkable and is proof that the ability to write well and entertainingly is not confined to professional writers. The only restriction The Record-Herald puts upon writers for this interesting page is that articles must be of a controversial nature and devoted to the discussion of some current topic.

Drydock Dewey.

Washington, June 6.—The navy department received news of the safe progress toward Manila of the drydock Dewey through the following cable gram from the commander of the towing fleet, dated Colombo. Progressing favorably at 312 knots per hour. Fair weather encountered during the voyage. Had no trouble and it is estimated that will touch for coal and supplies at Singapore about June 21. Will sail as soon as ready, Wednesday afternoon.

GAME AT WHERLE PARK CALLED OFF

Rain Man Interfered After Both Teams Warmed Up

LANCSPLAY THIS AFTERNOON

MANAGER PETE SOMERS IS HUNTING NEW PLAYERS PARTICULARLY PITCHERS

Boyd Will Not Be Released as Is Reported--Egan Was in Lineup Yesterday--New Pitcher Coming.

Table with 3 columns: Team, Won, Lost, Pct. Rows include Youngstown, New Castle, Mansfield, Zanesville, Akron, Lancaster, Newark, and Sharon.

For the first time since the O. P. league season opened in Newark the Rain Man has interfered with the games scheduled to be played at Wherle park and the Tuesday game between Newark and Mansfield was called off before the ump, Mr. Lavelle, had a chance to call "play ball." There was but a small crowd present. Perhaps the threatening weather kept them away. At any rate two of the occupants of the grandstand sat during the shower and counted the fans present leaving out the ball players and dead heads. The number could easily have been expressed in two figures.

The Giants had just concluded their practice and the bell had rung for the Molders to take the field for their preliminary warming up. Then came the rain and the players all took to the grand stand and watched the dust on the diamond drink up the water.

The clouds finally broke and the Molders took the field for their warming up, but they had no sooner rang the bell for the opening of the game before another shower hit the ball park, and after watching this rainfall for ten or fifteen minutes, Umpire Lavelle announced to the vast (?) crowd assembled, that the game would have to be called off on account of rain.

SOMERS AFTER NEW ONES. Rumors are in circulation over the city that there will be more radical changes in the line-up of the Newark O. P. team. Manager Pete Somers in conversation with The Advocate sportswriter stated that he was on the look-out for some new men but would not state what positions he was wanting to fill. The pitching staff seems to be the greatest source of worry to the new manager. He has been sending out letters and telegrams to the various baseball managers over the country and it won't be very long before these will begin to bear fruit.

Manager Somers was handicapped in taking the management of the local team. It was badly demoralized and the pitching staff was in very poor condition. With Stone out of the game the new manager had only Linke to depend upon. Kelb proved to be a poor excuse of a pitcher and Cassell was all to the bad. With Snodgrass on the injured list the battery was in poor shape.

A new pitcher who has been working at Chicago Junction is said to be on the road but had not arrived until noon. Reagan, who came from the same town, was put on the list yesterday to play second and Boyd was on the bench. Some of the fans took this as meaning that Boyd was to be released. Manager Somers states that there is no such intention now.

Sharon, Pa., June 6--After losing two straight, the locals recovered yesterday and defeated Akron, 5 to 4. Dolan was batted out of the box in the sixth inning. No hits were scored on Ehlman, who relieved him. The hitting of Kerr and Nallia were the features of the game. Score: Sharon... 11010200X-5 8 0 Akron... 000004000-4 10 0 Batteries--West and Ulrich; Dolan, Ehlman and Orthoff; Umpire--Wise.

INDEPENDENTS FIX SCHEDULE

C. A. Wilson Has Been Elected President of League--20 Games to Be Played.

The new Independent league which was organized a few nights ago with C. A. Wilson as president has drafted the following schedule to be played off during the summer. Two games have been played and these will be included in the figuring of the averages. The schedule includes 20 games and each team plays four games with each other team. The schedule: May 14, June 17, July 22, August 28--Crescents vs. Mud Hens; North Poles vs. East Ends; Heisey's vs. Texas.

May 20, June 24, July 29, September 2--Crescents vs. Texas, East Ends vs. South Ends; Mud Hens vs. North Poles.

May 27, July 1, August 5, September 9--Crescents vs. Mud Hens; Texas vs. East Ends; South Ends vs. North Poles.

June 10, July 15, August 19, September 23--Crescents vs. East Ends; South Ends vs. Mud Hens; North Poles vs. Texas.

June 23, July 28, August 12, September 16--Crescents vs. North Poles; East Ends vs. Mud Hens; South Ends vs. Texas.

IN GERMANY TOO THEY EAT DOGS

HORSES AND CANINES ARE SLAUGHTERED FOR FOOD CONSUMPTION.

Packers of Chicago Had Their Innings Before the House Committee Wednesday.

Washington, June 6.--In Germany they are eating canine steaks and dog chops. The Germans eat bow-wow sausage knowingly.

Consul Harris at Mannheim, Germany, in a report just received, quotes the Badische Landeszeitung, a newspaper of Mannheim, as follows: "Two sorts of animals for slaughtering purposes have, to be sure never until now reached as large a consumption as in the fourth quarter of 1935, namely horses and dogs."

"While the number of horses slaughtered in the fourth quarter of 1935 amounted to but 44,659, and in the first quarter of 1936 to amounts to but 35,966, it rose in the fourth quarter of 1935 to 52,584. In Mecklenburg-Strelitz there were slaughtered 29 steers and 126 horses; in Mecklenburg-Schwerin 738 horses and only 256 steers.

"Very high figures are reached by Anhalt, with 608 horses slaughtered as against 312 steers, and in Lubeck with 269 horses and 114 steers--all in the fourth quarter of 1935. The number of horses slaughtered in south Germany is comparatively small, as also in Saxony, where only about half so many horses as steers were consumed. On the other hand in the matter of slaughtering dogs, Saxony took second place with 1,464 heads.

"A similar condition was shown in Anhalt with 159 dogs slaughtered for food. In the other German states this species of flesh is less valued. In Prussia only 126, in Bavaria 181, and in Baden three dogs were slaughtered in the last quarters of 1935, while in Hessen there were none. To be sure here are reckoned only the common species of dogs, which under official inspection were compelled to give up their lives.

According to official records there were 2,465 dogs slaughtered during the fourth quarter of 1935 as against 1,762 during the same period of 1934. Hence it will be seen that our German nation's food depends more and more on the dog."

Washington, June 6.--The packers had their inning before the House committee today. Thomas E. Wilson of Nelson, Morris & Co., but representing all the large Chicago packers, appeared before the committee and read a carefully prepared statement. He invited the committee to Chicago to make a personal investigation. There is a possibility that the invitation will be accepted. Wilson made his statement in the presence of Charles P. Neill, Secretary Wilson and Chief Mevin, of the bureau of animal industry. In a general way he favored the extension of the inspection system and sanitary regulations as to how the game was won. At any rate the other City league teams are strengthening for the remainder of the season. The changes named are as follows:

Players Released--By King Company: Ralph May, Otis Smith, Louis Fox.

By Emerson Stars: Ralph Davis, Harry Guldenberg, Ben Brown.

By Parish Company: John Beckel, C. F. Chaney.

Players Signed--By King Company: Harry Guldenberg, O. Heller, Clyde Gady.

By Emerson Stars: John Mariani, J. J. Nadolson, Frank Nadolson.

By Parish Company: Carl Seymour, John L. Livingston.

SAYS ALIMONY \$10 WEEK IS EXCESSIVE

MR. CONNELL ASKS THE COURT TO MODIFY DECREE IN HIS CASE.

Mrs. Lingafelter Brings Suit--Sheep Claims Allowed--Daily Budget from Court House.

In the case of J. H. Connell vs. last mentioned date to 15th of Dec. on or about September 27, 1932, the Court of Common Pleas rendered a judgment of alimony against the plaintiff and in favor of the defendant in the sum of \$10 a week. Plaintiff says that the sum is excessive for the reason that he is not employed, and has not been employed for more than seven months in any one year; that prior to the decree he had been paying defendant \$10 a week during the time he was employed. He says that after the decree he was not employed until September 15, 1933, and from that time on to the 4th day of June, 1934, he paid defendant \$10 a week during the time he was employed; that during this time he earned \$1021.76; that from the last mentioned date to the 15th of Dec. 1934, he had no employment when he went to work for the American Bottle Company and worked until the 23d day of April, when the defendant caused garnishment proceedings against his wages, and during which time he had paid every time he received his money, the alimony. He says that because of the garnishment proceedings he was discharged from the company; that he earned during this time \$643.74. Plaintiff says he procured from defendant a signed contract in which defendant agreed to not again attach his wages, in consideration that he find employment and pay her said alimony as he earned it. Plaintiff said he was reemployed by the company when he paid defendant \$10 a week as he received the same. He says that notwithstanding this agreement defendant again garnished his wages. He says that owing to the fact that he has only been employed seven months in a year he has been unable to earn enough to keep himself and pay the alimony; he is and has been willing to provide a home for defendant and children, but that defendant will not live with him. He asks that the decree for alimony be modified. F. A. Bolton, attorney.

Mrs. Lingafelter Brings Suit. Mrs. Jas. F. Lingafelter has commenced suit in the Common Pleas court against O. F. Gannon. She says that she was the owner of three bowling alleys, pins, balls, etc., of the value of \$900, which the defendant obtained possession of and wrongfully converted to his own use to her damage in the sum of \$900, for which she asks judgment together with her costs. Mrs. Lingafelter has also commenced suit against Frank H. Graef and Edward L. Graef to recover \$500, the value of 200 opera chairs, which she says she was the owner of and which the defendants converted to their own use. Jones & Jones and G. C. Daugherty are attorneys for the plaintiff.

Sheep Claims Allowed. The County Commissioners allowed 17 sheep claims amounting to \$521, the witness fees in these cases amounting to \$23.40.

Blacksnake Road Petition. The Blacksnake road petitioned for by C. D. Lavimore and others in Washington township came up for hearing before the County Commissioners on Wednesday, and the following viewers were appointed: Messrs. H. M. Elliott, Frank Coad and Lee Bell, with Prof. J. L. Gilpatrick as surveyor.

Viewers Are Appointed. In the matter of the road just east of the city, running north from the Newark and Zanesville road across the Pan Handle railroad, petitioned for by Robert Warman and others, the following viewers were appointed by the County Commissioners: Messrs. Emmet Patterson, Orris McClelland and William Hall, with Prof. J. L. Gilpatrick as surveyor.

Levies for County Funds. The levies for the various county funds were to have been made by the County Commissioners on Wednesday afternoon. The Auditor, however, is out of the city, and should he fail to return during the afternoon action will have to be postponed.

Petition for Road. The matter of opening the road petitioned for by Bruce K. Stewart, was read by the County Commissioners on Wednesday afternoon for the third time.

Appraising Trolley Line. Auditor J. N. Wright was in Columbus Wednesday assisting the appraisement of the Columbus, Buckeye Lake and Newark Traction road.

Case Was Dismissed. Mayor McCarty Tuesday afternoon dismissed the case against Joe and Mike Buck and Joe Bartock who were charged with poisoning a dog belonging to Mike Buck and his wife, Lizzie Buckner. The men were also charged with attempting to poison a horse belonging to the Buckners. Sufficient evidence was

not presented to hold the men. Two interpreters were employed to translate the testimony offered, as all the parties concerned were Hungarians, speaking but little English.

IN SUPREME COURT TODAY.

Columbus, June 6.--The Supreme court today began hearing arguments in the case of the Robertson Realty company against State Auditor Guilbert to compel him to issue a warrant for rent for the Drake committee. The Realty company really stands for the Drake committee and Auditor Guilbert represents the effort to shut off the investigation through declaring the committee unconstitutional. The Drake committee simply asks the court to decide whether it has any standing. If so, it is entitled to draw upon the funds appropriated to carry on the investigation at least to the point of receiving voluntary testimony.

QUIET REIGNS

(Continued from Page 1.)

district. Union officials declare the strikers will not become disorderly. Soldiers have been ordered to keep away from saloons. This morning tents for the soldiers arrived.

At Plum Run the feeling against the discharged guards is bitter and there may be trouble. There are five Maxim guns and thousands rounds of ammunition in the hands of the 1200 soldiers on the scene.

The miners are somewhat jubilant over the prospects of differences with operators being left to a board of arbitration for settlement at the Columbus conference now on.

DR. KNAUSS WAS CALLED. Smithfield, June 6.--James Williams of Columbus, a member of the signal corps stationed here with the Ohio National Guard, suffered a severe shock last night while stringing wires at the Bradley mine. He was putting up a new wire, which fell on the trolley wire at the mine, and as a result five hundred volts passed through his body rendering him unconscious.

After 15 minutes' hard work by Captain W. H. Knauss, a surgeon, he was revived, but his hands are badly burned and he complains of severe pains in his head. While Williams is severely hurt, his injuries are not regarded as fatal.

Steubenville, O., June 6.--Quiet reigns in the coal fields of Jefferson county. There are more than 1,100 members of the Ohio militia on duty and they have the situation under control. Troops are encamped on the hills surrounding the Bradley mine, the property of the United States Coal Co., 1 1/2 miles south of Smithfield. The miners sat on the surrounding hills and watched the military as they unloaded and went into camp without expression of animosity and the leaders deny very strenuously reports that they had become disheartened by failure to receive the weekly strike benefit and were ready to quit the struggle. Harry Harriman, secretary of the Bradley mine local, was among the miners urging them to "stand pat," and says they will do so without exception.

Sheriff Voorhees turned the situation over to the military authorities. Officials of the miners' organization are watching eagerly for news from Columbus, where the negotiations between the operators and miners' representatives are in progress. The general belief here is that the military will be withdrawn after a few days unless there is an outbreak, which is now deemed beyond a probability.

The only cloud in sight is in the form of a fear that the strikers may renew the violence when an effort is made to reopen the Bradley mine. At the offices of the coal companies it was announced that all of the guards and private detectives, whose presence at the mines is alleged to have been the cause of the riot Sunday night, have been relieved of duty and that the military will be in full control of the mines till further notice. There was no outward display of hostility on the part of the miners on the arrival of the state troops and officials of the miners' organization say there will be no trouble between them and the soldiers.

It was persistently reported at Plum Run and Bradley that three guards were killed in the outbreak of Monday morning and that their bodies were thrown into a neighboring reservoir. This reservoir will be dragged to settle the authenticity of the statements. Color is given to these statements by the fact that ten or more guards have been missing since the riot.

The miners are pleased over the dismissing of the mine guards and private detectives.

Miners' Proposition. Columbus, O., June 6.--Although the miners on the joint scale committee rejected the arbitration proposal of the operators, they will submit a counter proposition upon which predictions of peace are based. This, it is reported, will be the 1935 scale with new conditions. It is reported that the operators may agree to the plan proposed. The new conditions refer almost entirely to what is known as "dead work" for which Ohio miners always have been paid in the past, while in other states, the miners receive no pay for the mining of slate to a depth of 12 inches. The miners may work out all compensation for "dead work" in Ohio.

Thin Hair

Yes! We had noticed that your hair was looking pretty thin, and that it lacked luster and life. But we didn't like to speak of it! Of course you know that Ayer's Hair Vigor is a regular hair-grower, makes the hair soft and smooth, gives it life and strength. This isn't the kind of hair that falls out! And, too, it keeps the scalp so clean and healthy.

ELIZABETH JONAS
HUNGARIAN GIRL

TAKES HIGH HONORS IN HER COURSE IN NEWARK HIGH SCHOOL.

She Has Been Only Three Years in America—Delivered Address at Class Day Exercises.

The exercises held Tuesday evening at the High school chapel by the class of 1906, were very largely attended and were successful to a high degree. The following program was observed:

Instrumental Solo—Pierrette (air de Ballet) (Chaminade) Anna Davis.

Oration—The Price of Success, Bertha Crilly.

Class Prophecy—Pearl Mercer and Ruth Allen.

Vocal Solo—Two Marionettes (Edith Cooke) Alice Beckman.

Oration—Don't Duck When Responsibility Comes Your Way—Sherman Bagges.

Last Will and Testament—Jay W. McFarland.

Class Farewell—Elizabeth Jonas.

Class Song—Words, Florence M. Hershberger; Music—Anna A. Davis.

Following the above program the class memorial was presented to the High school. The memorial was in the form of an artistic, Mission oak table, on the front of which in large gilt figures is "1906." The table is to be a part of the furniture of the new chapel when completed, and matches the chair presented by last year's class most becomingly.

A feature of the graduating class of this year, aside from the work of Miss Crilly, who won the class scholarship, is that of Miss Elizabeth Jonas.

Miss Jonas is of Austro-Hungarian parentage, and came to America only shortly over three years ago, at that time not being able to speak a word of English, although of course, spoke German and Austrian fluently. For seven years Miss Jonas attended a convent in her native country, where she was given an excellent training which was a great step toward assisting her to accomplish what she has since being in America. Immediately upon coming to this country she entered the Newark schools and began study under the able tutelage of Miss Anna Wolring, instructor in German in the High school, and with whom she had become acquainted, it is understood, while in Europe.

Within a remarkably short time Miss Jonas mastered the English language sufficiently to carry on her other studies, which she did, and in such an exceptionally apt manner that she covered the four years work in practically three.

The work of Miss Jonas, especially, not only reflects great credit upon her ability, but upon the instructors of the High school who had her under their training.

Miss Jonas' delivery of the farewell address was excellent, and differed from the old, formal style on such occasions. It was original and indicative of actual, earnest thought.

WILL SOUND "TAPS" PASSING MT. VERNON

Washington, June 6—President Roosevelt has directed the incorporation in the naval regulations of a clause providing that when any vessel of the navy passes up or down the Potomac river by Mount Vernon, the ship's bugler shall sound taps, the ship's bell shall be tolled and the marines on duty shall present arms.

It has always been the custom for a part of this little ceremony to be carried out, but there has never been any regulation making it necessary for the officers to follow the custom.

LOST HIS LIFE IN HEROIC WAY

Sixteen Year Old Boy Stabbed to Death While Protecting Girls From Insult.

Louisville, Ky., June 6—In an effort to protect two little girls from insult John G. Shall, aged 16, lost his life last night. He was stabbed through the heart by a man said to be Wm. Woolfork, aged 21.

Shall, with several playmates, was standing near the building at Market and Clay streets, when Woolfork approached and began, it is said, to use profane language. Shall urged him to desist, and made an effort to take off his coat, with the idea of compelling Woolfork to go away. The latter whipped out a knife and stabbed the boy through the heart.

Nearly 200 refugee Chinese at San Francisco were sent home at the expense of the Chinese government on the steamer Hong Kong. The Chinese lost heavily in the fire.

AT TAYLOR HALL TOMORROW NIGHT

Rev L. M. Mulhane will present his lecture, "Humor and Pathos of War," at Taylor Hall tomorrow evening, under the auspices of the Knights of St. John. The following are a few of the comments of the press of the state as to the reverend gentleman's ability.

His subject, "Humor and Pathos of War," was well treated and afforded an evening of rare entertainment."—Cambridge, O., Times.

Father Mulhane has the reputation of being one of the most brilliant orators in this state—Ohio State Journal.

One of the best lectures of the year, and very witty.—Akron Times-Democrat.

Rev L. W. Mulhane lectured to an audience of splendid size at Columbia Hall last night. He is a young man of attractive and pleasing individuality, is possessed of a splendid voice which is admirably controlled. Tears and sighs were quickly followed by laughter and applause.—Daily Iron-tonian, Iron-ton, O.

After the lecture there will be a dramatic and musical entertainment given by the Metropolitan company. Admission 25 and 35 cents. Seats on sale at Y. M. C. A.

NEWARK MAN OWNS JERSEY CALF MINUS THE TAIL.

A Jersey cow, owned by Mr. Henry Loewendick, of this city, has a new calf that is one of the greatest freaks ever seen in this county.

While it is perfectly healthy and normal in every respect, there is no trace of a tail. There is absolutely no extension of the vertebrae, and there is not even a slight hump or mark of any kind to show that the bovine infant came of a family blessed with a caudal appendage. So far as known there is only one other instance of a calf having been born without a tail.

Barn Burglarized.

On Monday night parties broke into the barn of W. V. Davis, on the National Pike west of town, and stole a new set of harness, a steel tired buggy, and a valuable medicine case, together with a number of surgical instruments which were in the buggy. On the same night, Mr. George Davis, who lives on the canal road between Hebron and Newark, had a valuable horse stolen, and it is thought that this horse was hitched to the buggy, as the print of the feet of the horse were the same as the tracks which led from the barn of W. V. Davis.

ODD TWIST OF AGES.

New York, June 6—Miss Rosalie DeVaux, who appears in "The Girl Patsy," as the other of the hero, in

New York, June 6—The five year old daughter of "Dan" R. Hanna of Cleveland, son of the late Senator Mark A. Hanna, came from Europe with her mother the other day, declaring Pope Pius X. is a fine playmate. During her stay in Rome Miss Hanna had a special audience with the pope and took her little daughter along. At the termination of the audience Mrs. Hanna withdrew. In the ante-chamber she missed her little daughter. Retracing her steps she was amazed to find the head of the Catholic church on his hands and knees with the child in a similar position, both searching for something. Little Miss Hanna does not speak Latin or Italian, nor does the pope speak English, but the little American Miss was giving minute instructions to her distinguished playmate in a baby patter that he pretended to understand. For two minutes the pope and Miss Hanna, both oblivious to the presence of a number of cardinals and Mrs. Hanna, groped about the floor, turning up the edges of the rugs.

Finally the pope held up a tiny medalion.

"O, that's it," cried little Miss Hanna. The pope rattled her head, and after expressing thanks, Mrs. Hanna led her daughter away.

"Why papa," she said in describing her experience at the Gotham hotel on her return, "I lost my medal and we went back after it. I told the nice old gentleman about it. He shook his head like he understood and when I began to look on the floor he got down on his knees and helped me. He found it first. He is a very nice man, papa, don't you think so?"

Senator Hanna, a protestant, did much for the Catholic church and charity work in America.

Prizes offered NEWARK PEOPLE

FOR BEST KEPT PREMISES, FOR CLEANEST ALLEY AND PRETTIEST VINES.

Civic Improvement Society Wants Names of Contestants Sent By June 16th.

\$3.00 for vines on sheds.

\$8.00 for clean alley.

\$5.00 for best kept premises.

We want to direct attention again to the prizes offered by citizens. They are well worth working for and any one can enter the contest—children as well as grown people. But names must be sent in, or the judges cannot consider your premises, however well-kept they may be. We will extend the time until Saturday of next week—June 16. Send names and address to Miss Wolring, 228 Hudson avenue, or call new phone 5032 Red.

The alleys in town are generally in a bad condition. It is easy enough to keep your alley clean. Why don't some boys and girls spend a little of their vacation time in this way. Look at the alley prizes—first prize \$8.00 cash; second, fine drop light, given by Mr. Fred Evans. Why don't some of you keep some vacant lot in good condition? The prizes are: a chair, given by Powers-Miller Co. Best display of vines covering sheds: first prize, \$3.00 cash, by Mr. Henry Fleck; second, \$2 worth of groceries at Conrad's.

Best porch or window box: \$5.00 framed picture at Edmiston's.

Best flower bed: \$2.00 worth of merchandise, Mohlenpau; Luelsa vase, Mr. Ernest Johnson; second prize, lady's hat, Mrs. Anna O'Brien; third prize, one fine china plate, Mr. Schiff.

Put in your name for best kept back yard. Prizes: load of coal, E. J. Maureth. (You can sell it you don't burn coal.) \$2.00 worth of merchandise, Meyer & Lindorf; sack of flour, John McKenna.

Best kept premises, cared for by owner: \$5.00 cash, Mr. Frank Kennedy; box of fine candy, Mr. Weiant. Any boy or girl can compete for this prize also.

Best kept lawn and parking: First prize, \$3.00 cash, Newark Trust Co.; second, one silk umbrella.

We have had a number of names sent in but we would like more—especially for the alley prizes, vines on sheds, lawns and parking. Gardens are included in back yard prizes.

HANNA'S CHILD POPE'S PLAYMATE

THE PONTIFF OF THE CATHOLIC CHURCH FINDS A LOST MEDALLION.

Distinguished Prelate and American Child Together on Hands and Knees in Search.

New York, June 6—The five year old daughter of "Dan" R. Hanna of Cleveland, son of the late Senator Mark A. Hanna, came from Europe with her mother the other day, declaring Pope Pius X. is a fine playmate. During her stay in Rome Miss Hanna had a special audience with the pope and took her little daughter along. At the termination of the audience Mrs. Hanna withdrew. In the ante-chamber she missed her little daughter. Retracing her steps she was amazed to find the head of the Catholic church on his hands and knees with the child in a similar position, both searching for something. Little Miss Hanna does not speak Latin or Italian, nor does the pope speak English, but the little American Miss was giving minute instructions to her distinguished playmate in a baby patter that he pretended to understand. For two minutes the pope and Miss Hanna, both oblivious to the presence of a number of cardinals and Mrs. Hanna, groped about the floor, turning up the edges of the rugs.

Finally the pope held up a tiny medalion.
